Subject: Fw: Patriot Estates & Patriot Bluff

Hello Mark,

I just wanted to remind you to forward over copies of the letters which were prepared by community service representatives (Police, Fire and Emergency Response), who have previously noted the importance of ensuring road access from Patriot Estates to Park Hill Drive.

Early next week, we will forward to you draft resolutions for Planning Board review and consideration for; 1) setting forth an intent to have RPA Associates, LLC prepare a Draft Supplemental Environmental Impact Statement; and 2) arrange for the Planning Board's review of a Responsiveness Summary of the comments voiced during the March 10th meeting, (as a tool for listing issues in a Scoping Document) and approval of a Scoping Document for RPA's use.

I'm at home today with a bad cold, but will be in the office tomorrow. Feel free to respond to www.ecsi@frontiernet.net, our office e-mail address.

As always, we appreciate all your help.
